

7th February 2024

Dear Parents and Carers,

RE: Ofsted Inspection

I am writing to inform you that we have an Ofsted monitoring visit today. The purpose of this visit is to monitor our progress since the last inspection in November 2022. This will involve one inspector for one day only.

Since the last inspection, our entire staff have worked tirelessly in different areas to help improve our Academy. We have developed our building and curriculum amongst many other things.

We are looking forward to showing the inspector just what Bexhill Academy is all about!

I will share the outcomes with you following this visit.

Kind regards,

Dr. Craig Neal
Headteacher
