

“Be Remarkable”

Are you considering a career in teaching?

If you are passionate about transformation, infecting young people with a love of learning and considering teaching, contact us.

We are interested in supporting people who may want to teach and inspire young people across a range of subjects. Although we may not have a vacancy right now in the area of the curriculum you may have an interest in, we are keen to support people in our community, who wish for a change in direction. Over the last few months with the impact of COVID-19 people are realising that teaching is a stable positive career move. If you have drive and enthusiasm to succeed and be eager to pass on your passion for your subject to the next generation. We would explore supporting you to teach in our community and to change the lives of our children.

We are a close family of professionals who care about our wider community and may be able to explore opportunities to support you to realise your ambition. These are tough times for many people. We wish to work with anyone who is seriously interested in a teaching career, to enable dreams to happen.

Interested? Email Executive Principal Catherine Davies at Catherine.Davies@bexhillacademy.org sending your current CV and to arrange a phone consultation. We offer you bespoke/tailored career guidance to make your dreams happen. For an initial chat, please contact me, providing a telephone contact number and suitable time. I look forward to discussing your career aspirations and providing support, if you feel teaching is your ambition.

Expressions of interest will be accepted until September 2020.

Bexhill Academy is committed to safeguarding and promoting the welfare of children and young children, therefore all positions are subject to an Enhanced Disclosure and Barring Service check (DBS).
