Access to Bexhill Academy Car Park

Dear Parent/Carer

Unfortunately we are faced with the same dilemma of schools across the country, in that we do not have sufficient space to offer safe drop off and collect facilities to students being driven to school.

Recent 'near misses' have raised our awareness to the hazard that vehicles on site present during student arrival and leaving times. Vehicles are blocking both routes in and out (which may be required by an emergency vehicle), blocking safe sight lines on pedestrians, and at times presenting a danger due to vehicle speed.

With regret we therefore have decided to (re) introduce restricted entry time to vehicles. If you possess an entry pass due to exceptional circumstances please ensure you carry this with you, or request another one from tracey.holden@bexhillacademy.org. Or call 01424 735475. If you have an early morning appointment with staff and need to park, then please have these details with you when you arrive.

All other vehicles must **PLEASE NOTE** access our site between these hours:

Morning – 8.15am - 9.15am

Afternoon – 2.30pm – 3.30pm

We know this brings some inconvenience and apologise for that, but safety has to take priority. We do encourage your child to walk or cycle to school. If you are driving in it would be advisable to agree on a drop off or meeting point that is close by but far enough away to avoid what might be delays closer to the school entrance.

Thank you for your assistance in keeping our children safe.
