

Hello Year Seven,

My name is Ms Jones and I look forward to meeting all of you when you start at Bexhill Academy.

I have been a teacher for many years. I used to teach in London and I have been a teacher at Bexhill Academy for eight years. I teach Geography and I very much enjoy working here. We have a great building with lots of fabulous facilities for you to enjoy.

When I am not at school I love to travel. I have been to many different countries and I have been to every continent, except Antarctica. The best place I have ever travelled to is New Zealand. I will tell you all about the places I have been. When I travel I love to try the local foods on offer. This is one of my favourite things to do. I like very spicy food. I enjoy eating in restaurants. I am a terrible cook!

I am looking forward to the time we will all spend together. I look forward to seeing you wearing your uniforms and carrying your school bags with pride. It's natural to be a little nervous but don't worry. We will work as a team and support each other.

In the meantime, what can you tell me about yourself? Where do you currently go to school? How well do you know Bexhill Academy? What questions would you like to ask me about the start of Year Seven?

See you all soon.

Ms Jones
