Dear Parent/Carer,

RE: Alternative Provision Roadshow

I am writing to you about an exciting opportunity for your child around their learning, progress and engagement. We would like them to attend a one day course to develop these three key areas which will have an impact on their progress and ultimately a successful transition to their Post 16 career pathway. The course is run by PET Xi who have a successful record of working with students and achieving the aims of increased student engagement and progress. The course is completely free as Bexhill Academy will cover the cost.

During the one-day course they will be working on core subjects such as English, Maths, and Science but in a different way that is engaging and accessible. The providers provide excellent role models for the students within these sessions through a mentoring approach.

The course is on Friday 1st December from 9am to 3pm. Students should go straight to the ACE building at 9am as they will be based in the Bridge classroom. They will be able to have their break in the main building but will need to arrive promptly for the lesson 2 and 3.

It is hoped that these sessions will not only improve their engagement but also reduce suspensions, increase attendance, and improve their progress. This will be a vital boost for your child leading up to the final few important months of year 11.

I hope you agree that this is an exciting opportunity for your child and will support in encouraging them to attend and engage with the one-day course

Yours Sincerely

Mrs Lee Starkey
Assistant Principal
